

# The Water Protector Pledge

Dear Water Worker,

Thank you for protecting me, my community, and the environment by working on the front lines to keep our water clean and flowing!

I think what you do every day is (*circle*):

Important                  Amazing                  Cool                  Awesome

It makes me feel (*circle*):

Grateful                  Good                  Happy                  Safe

I pledge to help you protect water by:

- Only flushing the 3Ps (*Pee, Poo & Toilet Paper!*)
- Taking shorter showers
- Scooping my pet's poop
- Turning off the tap when I brush my teeth and wash my hands
